Small size. Big fun.

Ideas with Passion

 **Saeco**

The smallest

Xsmall Plus

Espresso is even more enjoyable in pairs – that's why you can prepare two espressos at the same time with the Xsmall Plus. You'd rather enjoy a latte macchiato or cappuccino? Just froth up your milk with the pannarello. Also very handy: the front access to all features, which also makes cleaning effortlessly easy. This bundle of features comes in a classy Silver/Anthracite look.

giant ever.

Xsmall Steam

The Xsmall Steam has almost all the huge advantages of the Xsmall Plus. Milk froth specialties are also available thanks to the steam tube. What's more, the machine's housing in a powerful Red/White combo is as unforgettable as its coffee.

Discover the new Xsmall series by Saeco – and experience inspiring design and amazing functionality.

Enjoy your espresso exactly as you like it. Whether you prefer ristretto (strong), doppio (double), macchiato (with milk) or corretto (with liqueur) – it's yours with the touch of a button. Rich creamy milk foam is also always within reach with Saeco. Now you can enjoy authentic Italian flavour every time!

**Excellent
flavour**

**Easy
cleaning**

**Compact
design**

**User-friendly
interface**

These features are simply huge.

Excellent flavour

Our focus is on coffee enjoyment. The centrepiece of the new Xsmall is the robust and durable grinder that guarantees finely ground beans every time. We extract every ounce of flavour from every single bean. And you can count on that!

User-friendly interface

The Xsmall's display is simple and self-explanatory. It's convenient and made for everyone. With the touch of a button your single or double espresso is ready – and prepared exactly according to your taste. Now that's true coffee enjoyment!

Easy cleaning

It's not just easy-to-use, but also easy to clean. Simply remove the drip tray from the front of the machine and clean it under running water. You're done in an instant!

Compact design

All the machine's functions are easily accessed from the front of the machine. It's therefore compact enough for any countertop – and will give any kitchen a colourful accent. The Xsmall is a feast for your mouth – and your eyes!

Small size. Big effect
